I understand the court case is time consuming. I do.

I just don't want to get any issues clouded... Or worse have one negatively impact another. As time goes by, this seems to be happening.

As I've said before, and I know you understand, my approval is separate from any township approval. Likewise, my only concern and area of authority, is the cap integrity.

Thanks,

Myles

Hi Myles:

- I will consolidate that for you by Friday 08-16-2013
- We are preparing for the start of school which is extremely challenging at this time of year in addition to the court proceedings in Springfield Twp.
- I will be in touch if you need me my cell is (717) 629-4991 I believe you have it

Any progress on formalizing the plan into one package for submittal?

Thanks

Myles
